

Keweenaw Family Resource Center and BHK Child Development Board
invite you to

Playtime in the Park

General Guidelines

We will be visiting different parks, which may have their own set of rules that we must follow. At times we may visit a park that also has a beach area. It is up to each parent to decide whether or not to allow your child to enter the water.

However, please remember the following:

- Parents must accompany child(ren) to these activities and it is the parent's responsibility to watch their child(ren) at all times.
- Parents should provide life preservers. We highly recommend that child(ren) wear a life preserver at all times when in or near the water. Remember that inner tubes and other rafts do not protect children from drowning. While near or in the water there will be no pushing, shoving, splashing or throwing sand.
- Parents waive KFRC and BHK of all responsibility for accidents while families attend these voluntary outdoor activities.

I understand and agree to these guidelines:
